

Notice of Correction

Monday, March 22, 2010

Attached is map which should substitute the map which was originally included in the Laketown annexation issued September 9, 2009. The previous map was mistakenly included. All other information is correct.

December 14, 2009

Greg Bell
Lieutenant Governor
State of Utah
East Building Suite E220
Salt Lake City, Utah 84114

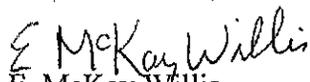

Dear Lt. Governor Bell:

This letter is to clarify an annexation that was approved by the State of Utah on the 8th of September 2009. A discrepancy between the written annexation legal boundary and the plat drawing was found after the annexation had been approved by the Lt. Governor's office and recorded in the office of the Rich County Recorder.

The Town of Laketown has taken the necessary steps to correct this problem. A Public Hearing notice was posted 10 days prior to the Public Hearing held on December 10th, 2009, at the Laketown City Office. Mayor Willis conducted the public hearing where the problem was explained to those in attendance. It was noted that this problem would need to be fixed by the Town of Laketown and a new mylar drawn up by the surveyor. Again, it was noted that the physical written boundary description of the annexation was correct and the purpose of this action was to clarify the properties on the mylar that should not be included in the original annexation.

The Town Council Meeting held on December the 10th voted to have the portion of the annexation that included the property of Arthur Smith and the Weston Hereford Ranch LLC to **not be included** in the original annexation because of the mapping error. A new mylar has been given to the Town of Laketown and forwarded to the County Clerk. A new corrected map is attached to this letter.

Sincerely,

E. McKay Willis
Mayor, Laketown

Attest: 
Peggy Robinson, Clerk

Date Dec 14, 2009
